DAVY CROCKER, when a Tennessee Congressman, once asked a favor of President Jackson which was not granted. He promptly called on the President and raged furiously at him. an eye-witness says that Old Hickory, keeping his eyes fixedly and coolly on Crocket, asked him what were his real intentions. Crocket, equally cool and fierce, said: "Nothing -nothing more than this: I am done with you for life." And the illustrious Davy at once shook Washington dust from his boots and died soon after fighting in the cause of Texas.

## MASKED ROBBERS!

**They Attack an Express Car Near Delhi, Ohio, and Shoot the Baggage Master.**

DELHI, O., June 9.—Last night, a short time before midnight, masked robbers attacked the express car on the Cincinnati, Indianapolis, St. Louis and Chicago railroad near this place and attempted to rob it. They fired through the windows of the car from the platform and shot the baggage master, Joe Ketcham, but the engineer stopped the train and the robbers, fearing capture, jumped from the platform and fled into the darkness without entering the car.

CINCINNATI, O., June 9.—The exciting attack on the railroad train, at Delhi, last night, is discussed in all quarters, this morning. Chief Hazen, of the police force, is disposed to regard it as the work of tramps, and the facts show that if done by professionals, they made a poor choice of booty. It is certain, however, that it was a case of intended robbery, and it is now known that after shooting Baggage Master Ketcham and putting to flight Express Messenger Zimmerman, the robbers entered the car, rifled Ketcham's pockets and reloaded their revolvers, but they seem to have been frightened, probably by the failure of their partner sent to take possession of the engine, and fled from the car as the conductor entered it.

Four market men, coming to the city last night, report that they were met by four highway men, not far from the scene of the train robbery, and were robbed. One of the victims was bold enough to go back after the robbers and thought he saw them take a skiff and cross the river. An outgoing train on the same road was shot at in the vicinity where the incoming train was attacked.

Baggage Master Ketcham, who made such a gallant fight with the robbers, died at 10:30 this morning at the hospital from the effect of his wounds. The utmost possible efforts will be made to capture the murderout assailants.

A special from Aurora, Ind., says: The marshal of Aurora this morning arrested four men who were rowing down the river in a skiff. They were not able to give a satisfactory account of themselves and are thought to be train robbers.

The whole country is thoroughly aroused over the matter, the excitement being intensified by the news of the death of Baggage Master Ketcham. If there is a fair proof of their guilt, it is highly probable these four men will be summarily punished by the excited populace.

NOT DEAD YET.

The report of the death of Ketcham, the baggage master, shot last night, was premature. An operation was performed on him at 7:30 o'clock of the most peculiar nature. He endured it well and there is a bare possibility that he may recover, though his condition is very serious.

The police have made a number of arrests and have heard many stories of the presence of bad characters about Delhi last night. They hope to find the real perpetrators.

### DEMOCRATS ENTHUSIASTIC.

**The Ticket of Cleveland and Thurman Pleases the Party Throughout the State.**

INDIANAPOLIS, June 9.—The most enthusiastic meeting of the democratic state central committee that has been held this year occurred yesterday. All the districts were represented by committeemen except the First, and its interests were ably looked after by the chairman, Major Charles L. Jewett, of Floyd county, who had just come from the St. Louis convention. The members of the committee were in the best of spirits. They brought from every section of the state the same report, to wit: "That the nomination of Cleveland and Thurman had been received with the heartiest enthusiasm by all democrats and that the party was already in fighting trim for the campaign.

Chairman Jewett announced that he had selected Mr. Ephraim Marsh, of Hancock county for secretary of the committee.

It was decided that the chairman should appoint the financial and executive committees. Maj. Jewett asked time to consider before naming them.

"You can say," said Chairman Jewett to the reporter, "that we talked of our ticket and unanimously concluded that it was the strongest that could have been nominated, only that it might have been stronger for Indiana with Gray for second place. But with Gray's influence thrown into the campaign the difference will not be appreciable."

The work now may be said to have fairly begun with the democracy in this state. Major Jewett, with his characteristic energy and with his ability as an organizer, is already beginning to make his influence felt. The campaign will be opened all along the line and a thorough organization of every county and township in the state will be effected at an early date. Major Jewett has taken rooms for the campaign at the Grand and will be here on and after Monday next.

### Tammany at Home.

NEW YORK, June 9.—The special train carrying the Tammany hall delegates from the St. Louis convention, reached the Grand Central depot at 10:30 to-day.

## SOLDIERS' WIDOWS!

**President Cleveland Signs the Bill Giving Them Pensions From the Date of Their Husband's Death.**

WASHINGTON, June 9.—The president has approved the act of congress providing that the pensions heretofore or hereafter granted to the widows of the soldiers of the war of the rebellion shall commence at the date of the death of the husbands.

This legislation favorably affects all the claims of the widows of the late war, which have been filed in the pension office on or after July 1, 1880, and which have been allowed to commence from the date of the filing the claims, but will not favorably affect the cases of such widows as were filed before July 1, 1880, and which have been allowed the pensions already granted in those cases from the date of their husband's death.

The commissioner of pensions gives notice that in the settlement under this law of the claims already allowed, no formal application shall be required and that the services of attorneys are not necessary. The widows entitled under said law need only write a letter giving the name, post office address, and certificate number and the claims will be allowed with as little delay as practical.

The president has signed the act making appropriations to supply the deficiency in the appropriation for the expenses in collecting customs.

## DEGREES OF HONOR.

**Conferred on the Graduates of the Central Grammar School Last Night.**

When the curtain of the Temple opera house rung up last night, it was 8 o'clock and a brilliant assembly was in the auditorium.

Hon. A. P. Edgerton sat in the president's chair, with Mr. O. P. Morgan and Judge Taylor to his left, and Mr. J. M. Moritz, Supt. J. S. Irvin and Professor Lane to the right of him. The teachers, too, occupied honorary seats and about this intellectual group was a bevy of beautiful and bewitching school girls, with a young man sandwiched in here and there to add a charm to the contrast, always, of course, on the side of the fair ones. Flowers were as profuse as the pretty faces and the scene was charming.

Rev. Dr. D. W. Moffat was not able to be present at the opening, so the exercises began with the rendition of the "Night Song," by a carefully trained chorus, under the direction of Prof. W. F. Heath. This effort and their succeedings ones were liberally applauded and surely appreciated.

Rev. Dr. Moffat came in in the meantime and offered a devout prayer, remembering in it the graduating class, the schools, their managers and the assembled multitude.

The salutatory was read by Miss Anna Grace Habecker. The young lady addressed the board of trustees and the superintendent and for the graduating class thanked them for their devotion to the cause of education. Especially did she eulogize the work of Superintendent Irwin and his untiring energy in behalf of the pupils of the public schools.

She spoke in the kindliest way of the teachers and related that to their care, training and intelligence was due the triumphs of the class of '88.

Turning to the assembly she expressed thanks at their encouraging presence and directed attention to the democratic change in the program, where essays and such gave place to music and an address by Judge R. S. Taylor. Miss Habecker was pleasantly rewarded with applause.

Supt. J. S. Irwin, who agreeably officiated as the master of ceremonies, introduced Judge R. S. Taylor who addressed the audience on "The Age We Live In."

He said everything was wonderful and after recounting the greatness of the ancients, contended that the civilization of this and other ages rests on machinery and the elements and forces created by it.

The judge recounted the possibilities of the age of machinery, its vast triumphs, the contentions it creates and unequalities and the avenues to success it opens to the bold man of brain and nerve.

He said out of the present period of struggle would dawn brighter days and greater happiness to mankind and a better understanding and solution of the troubles that now disturb the relations of capital and labor, and then there would be a more just and equal division of rewards to each.

He urged his hearers to aim high, aim with courage. When the right calling was found, aim to achieve greatness in it, and above all things, whatever is done, let it be done well. There is room for all and a place for all in the world. We are in a great measure the authors of our own greatness, therefore, if he could paint a legend on the sky, it would be, "Do everything well."

It was a master production from a master mind and THE SENTINEL regrets it cannot publish the address.

Miss Katherine Harriett Blynn, a pretty and very bright graduate, read the valedictory very nicely. She recounted the obligations that pupils of the public schools are under to the trustees, the superintendent and teachers. The interest they manifested, their aim to promote the wellfare of all never waned. Her farewell to the class was indeed tender and she said things so nicely that one could not but regret the end of school days and a severance of the fond and endearing ties of the school room.

Hon. A. P. Edgerton conferred diplomas and prefaced the work with a few very appropriate words. He spoke of his long connection with the public schools and said with the close of this night's work it must officially stop. He urged his hearers to renewed attachment to the cause of free education, one of the institutions that was the pride of his life and the foundation of the nation's greatness in all things.

He was indeed thankful to the people of Fort Wayne for the favors and honors conferred on him and one could see bursting through every sentence his inordinate love, his great apprehension and longing for the growth, prosperity and perpetuation of the free school system.

Superintendent Irwin then conferred the honorary scholarship of the Indiana university on Miss Katharine Harriett Blynn, and an honorary scholarship in Wabash college on Maurice Rosenthal, who on account of illness, was unable to be present.

Rev. Dr. Moffat pronounced the benediction and the twenty-fourth commencement pleasantly closed.

The graduating class and their friends repaired to the Standard hall, where the class banquet and other festivities were pleasantly enjoyed.

### Purity vs. Trash.

Everyone knows that a good and pure article costs more than worthless trash. Our prices for Ice Creams and Sherbets may be higher than other dealers ask for theirs, for we use only pure double rich cream for making our Ice Cream, making it smooth and rich as butter. Our Sherbets are made of juices of fresh fruit, carefully selected every morning, from the best fruit the market affords. We always use the fresh fruit for flavoring when it can be had; where flavoring extracts are used we do not depend upon the vile stuff that is offered to the trade for flavoring extracts. For Vanilla Ice Cream, we use only the finest Mexican vanilla beans, We have facilities for making all extracts that we use.

I personally oversee that all goods we make are made of fresh and pure material. When we say that these goods are daily growing in demand and popularity, we do not "blow our own horn" a cent's worth, as the phrase has it, but merely tell the truth.

When we commenced making these goods, a number of years ago, we did not dream that at this time our trade would increase as it has. We have worked for this result, and gained it, and why? Simply because we cling to the golden rule of doing unto others as we would be done by. W. F. GELLER.

To those who wish to pursue a course in book-keeping, short-hand, type-writing, penmanship, &c., McDermut & Whiteleather's business college affords special advantages.

KEEP holy the Sabbath day.

HANG the red bandana on the outer wall.

THE enthusiasm for Cleveland and Thurman grows every moment.

GOVERNOR GRAY is proud of the Indiana democracy and they loyally love him.

THE democratic platform has silenced the monopolists and allayed the fears of the toilers.

THERE are not in the republican ranks men great enough to cast even a shadow of doubt on the election of Cleveland and Thurman.

THE democrats of Adams and Whitley counties will ratify to-night. Everybody is for Cleveland, Thurman and a reduction of war taxes.

THE Warsaw *Times* has a pleasant reminder of Captain White's gratitude to the democrats who voted for him. It says: "We are under obligations to Capt. James B. White, congressman from the Twelfth Indiana district, for a number of public documents, among which are several copies of Senator Ingall's late speech, in which he wrung the neck of the "Tall Sycamore of the Wabash" as it was never wrung before."

## BIG LOGANSPORT FAILURE.

**Knowlton & Dolan Make an Assignment and Place Their Debts at $40,000 and Assets About the Same.**

Special to The Sentinel.

LOGANSPORT, Ind., June 9.—The firm of Knowlton & Dolan, builders of mill machinery, have been compelled to make an assignment. The direct cause was the securing, yesterday, of a judgment against them of $5,823.69 in favor of the Jacob Dritt estate. Seeing that a failure was inevitable, the firm yesterday gave a mortgage for $29,895 in favor of the following preferred creditors: P. F. Mchale, P. W. Moore, Alexander Hardy, A. R. Shrover, T. J. Immel, Thomas Pierce, John Dunn, A. Hanson, Ray Brothers and G. W. Seybold & Bro. This mortgage covers the firm's foundry buildings and grounds, machinery and stock and several lots throughout the city. The mortgage was given to secure the above gentlemen as sureties or principals on the following debts: State national bank, $13,500; First national bank, $5,000; Peru bank, $8,000; Wm. Graffis, $800; John Dunn, $770; A. Hanson, $460; Ray Bros., $1,000; Seybold & Bro., $365; total, $29,895. The firm further decided as the best means of saving something from the wreck, to apply for a dissolution of partnership and appointment of a receiver, as shown below:

William Dolan commenced proceedings in the circuit court to-day to secure a dissolution of partnership of the firm of Knowlton & Dolan.

By direction of the court Thomas J. Immel was appointed receiver, having filed a bond of $25,000 with A. H. Hardy, A. R. Shroyer, Peter W. Moore and P. F. McHale as sureties.

The following suits were filed to-day against the firm: Obenchain & Boyer, $90,000 for royalty on patents; same firm, $12,000; John T. Obenchain, $30,000, John and T. J. Obenchain, $8,000; James W. Lee, $300; R. A. Vandliker, $650.

The firm seems to expect their assets will pay their debts in full. The creditors are mostly home citizens.

For over eight years I have suffered from catarrh, which affected my eyes and hearing; have employed many physicians without relief. I am now on my second bottle of Ely's Cream Balm, and feel confident of a complete cure.—Mary C. Thompson, Cerro Gordo, Ill.

Being a sufferrer from chronic catarrh and having derived great benefit from the use of Ely's Cream Balm, I can highly recommend it. Its sales are far in excess of all other catarrh remedies. —B. Franken, Druggist, Sigourney, Iowa.

**The Remarkable Cures.**

Which have been effected by Hood's Sarsaparilla are sufficient proof that this medicine does possess peculiar curative power. In the severest cases of scrofula or salt rheum, when other preparations had been powerless, the use of Hood's Sarsaparilla has brought about the happiest results. The case of Miss Sarah C. Whittier, of Lowell, Mass., who suffered terribly from scrofulous sores; that of Charles A. Roberts, of East Wilson, N. Y., who had thirteen abscesses on his face and neck; that of Willie Duff, of Walpole, Mass., who had hip disease and scrofula so bad that physicians said he could not recover, are a few of the many instances in which wonderful cures were effected by this medicine.

is renowned for its fine washing qualities. It lathers freely and is, without boasting, the most economical and best for family use.

THE late William Dorshoimer, editor of the New York *Star*, could make a good speech, and is best remembered at Boston as the author of an eloquent ambiguity. Mounting the platform on a certain memorable occasion, and, gazing over the vast audience, Mr. Dorsheimer began by saying: "Faneuil Hall is full to-night." This impressive introductory convulsed the audience, and finally doubled up the speaker himself.

**What the People are Doing in Our Neighboring Village.**

To the Editor of the Sentinel:

As you have been hearing from our town through "Little Spy," I thought we would write again.

Farmers are busy plowing corn here.

Rev. Bailey preached a very able sermon to a large congregation, last Sunday evening. He seems to be quite a favorite with the young people of this town.

Mr. John Miller, formerly of this place, will wed Miss Julia Hill, of Aboit Station, June 20.

Miss Bell Butts and Miss Mollie Snyder intend to visit relatives in Chicago in a few days. Girls, try and enjoy yourselves.

Who is the girl that would sooner not stick close to the white fence.

Miss Olia Richardson has completed her trade and returned home from Fort Wayne and has hung out her shingle, "Fashionable Dress making Done Here."

Who was the gentleman that took a girl to the postoffice and got offended and made her brother take her home? Beware, Maurice, there is danger in the dark.

It is said that Dr. Burger will wed Miss Miss Celia Keller in the month of July.

Ira says Dode stands back like a gentleman and lets him have full swing at the East Main street residence.

Backache, stitches in the side, inflation and soreness of the bowels, are symptoms of a disorded state of the digestive and assimilative organs, which can be corrected by the use of Ayer's Cathartic Pills.

**SORE FROM KNEE TO ANKLE.**

*Skin entirely gone. Flesh a mass of disease. Leg diminished one third in size. Condition Hopeless. Cured by the Cuticura Remedies.*

For three years I was almost crippled with an awful sore leg from my knee down to my ankle; the skin was entirely gone, and the flesh was one mass of disease. Some physicians pronounced it incurable. It had diminished about one third the size of the other, and I was in a hopeless condition. After trying all kinds of remedies and spending hundreds of dollars, from which I got no relief whatever, I was persuaded to try your Cuticura Remedies, and the result was as follows: After three days I noticed a decided change for the better, and at the end of two months I was completely cured. My flesh was purified, and the bone (which had been exposed for over a year) got sound. The flesh began to grow, and to-day, and for nearly two years past, my leg is as well as ever it was, sound in every respect, and not a sign of the disease to be seen.

S. G. AHERN, Dubois, Dodge Co., Ga.

*Terrible Suffering from Skin Diseases.*

I have been a terrible sufferer for years from diseases of the skin and blood, and have been obliged to shun public places by reason of my disfiguring humors. Have had the best of physicians and spent hundreds of dollars, but got no relief until I used the Cuticura Remedies, which have cured me, and left my skin as clear and my blood as pure as a child's.

IDA MAY BASS, Olive Branch P. O., Miss.

*From 145 Pounds to 172 Pounds.*

I have taken several bottles of Cuticura Resolvent with all the results I could wish for. About this time last year, when commencing its use, I weighed 145 pounds, and to-day I weigh 172 pounds.

**CONSTITUTIONAL CATARRH.**

No single disease has entailed more suffering or hastened the breaking up of the constitution than Catarrh. The sense of smell, of taste, of sight, of hearing the human voice, the mind,—one or more, and *sometimes* all, yield to its destructive influence. The poison it distributes throughout the system attacks every vital force, and breaks up the most robust of constitutions. Ignored, because but little understood, by most physicians, impotently assailed by quacks and charlatans, those suffering from it have little hope to be relieved of it this side of the grave. It is time, then, that the popular treatment of this terrible disease by remedies within the reach of all passed into hands at once competent and trustworthy. The new and hitherto untried method adopted by Dr. Sanford in the preparation of his Radical Cure has won the hearty approval of thousands. It is instantaneous in affording relief in all head colds, sneezing, snuffling and obstructed breathing, and rapidly removes the most oppressive symptoms, clearing the head, sweetening the breath, restoring the senses of smell, taste and hearing, and neutralizing the constitutional tendency of the disease towards the lungs, liver and kidneys.

Sanford's Radical Cure consists of one bottle of the Radical Cure, one box of Catarrhal Solvent, and one Improved Inhaler, price $1. POTTER DRUG & CHEMICAL CO., BOSTON.

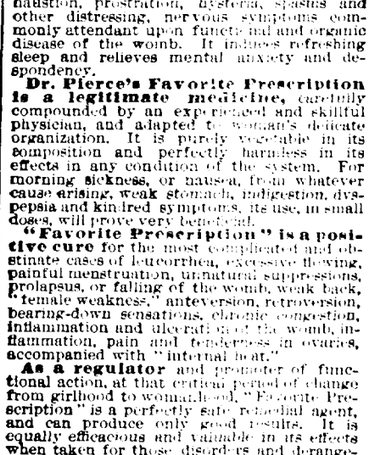
Sold by Tarrant & Co., N.Y., and Druggists everywhere



The treatment of many thousands of cases of those chronic weaknesses and distressing ailments peculiar to females, at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., has afforded a vast experience in wisely adapting and thoroughly testing remedies for the cure of woman's peculiar maladies.

**Dr. Pierce's Favorite Prescription** is the outgrowth, or result, of this great and valuable experience. Thousands of testimonials, received from patients and from physicians who have tested it in the more aggravated and obstinate cases which had baffled their skill, prove it to be the most wonderful remedy ever devised for the relief and cure of suffering women. It is not recommended as a "cure-all," but as a most perfect Specific for woman's peculiar ailments.

**As a powerful, invigorating tonic,** it imparts strength to the whole system, and to the womb and its appendages in particular. For "worn-out," "run-down," debilitated teachers, milliners, dressmakers, seamstresses, shop-girls, housekeepers, nursing mothers and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequaled as an appetizing cordial and restorative tonic.

**As a soothing and strengthening nervine,** "Favorite Prescription" is unequaled and is invaluable in allaying and subduing nervous excitability, irritability, exhaustion, prostration, hysteria, spasms and other distressing nervous symptoms commonly attendant upon functional and organic disease of the womb. It induces refreshing sleep and relieves mental anxiety and despondency.

**Dr. Pierce's Favorite Prescription is a legitimate medicine,** carefully compounded by an experienced and skillful physician, and adapted to woman's delicate organization. It is purely vegetable in its composition and perfectly harmless in its effects in any condition of the system. For morning sickness, or nausea, from whatever cause arising, weak stomach, indigestion, dyspepsia and kindred symptoms, its use, in small doses, will prove very beneficial.

**"Favorite Prescription" is a positive cure** for the most complicated and obstinate cases of leucorrhœa, excessive flowing, painful menstruation, unnatural suppressions, prolapsus, or falling of the womb, weak back, "female weakness," anteversion, retroversion, bearing-down sensations, chronic congestion, inflammation and ulceration of the womb, inflammation, pain and tenderness in ovaries, accompanied with "internal heat."

**As a regulator** and promoter of functional action, at that critical period of change from girlhood to womanhood, "Favorite Prescription" is a perfectly safe remedial agent, and can produce only good results. It is equally efficacious and valuable in its effects when taken for those disorders and derangements incident to that later and most critical period, known as "The Change of Life."

**"Favorite Prescription,"** when taken in connection with the use of Dr. Pierce's Golden Medical Discovery, and small laxative doses of Dr. Pierce's Purgative Pellets (Little Liver Pills), cures Liver, Kidney and Bladder diseases. Their combined use also removes blood taints, and abolishes cancerous and scrofulous humors from the system.

**"Favorite Prescription"** is the only medicine for women, sold by druggists, **under a positive guarantee,** from the manufacturers, that it will give satisfaction in every case, or money will be refunded. This guarantee has been printed on the bottle-wrapper, and faithfully carried out for many years.

# No Universal Remedy

has yet been discovered; but, as at least four-fifths of human diseases have their source in **Impure Blood**, a medicine which restores that fluid from a depraved to a healthy condition comes as near being a universal cure as any that can be produced. **Ayer's Sarsaparilla** affects the blood in each stage of its formation, and is, therefore, adapted to a greater variety of complaints than any other known medicine.

## Boils and Carbuncles,

which defy ordinary treatment, yield to Ayer's Sarsaparilla after a comparatively brief trial.

Mr. C. K. Murray, of Charlottesville, Va., writes that for years he was afflicted with boils which caused him much suffering. These were succeeded by carbuncles, of which he had several at one time. He then began the use of Ayer's Sarsaparilla, and after taking three bottles, the carbuncles disappeared, and for six years he has not had even a pimple.

That insidious disease, **Scrofula**, is the fruitful cause of innumerable complaints, **Consumption** being only one of many equally fatal. Eruptions, ulcers, sore eyes, glandular swellings, weak and wasted muscles, a capricious appetite, and the like, are pretty sure indications of a scrofulous taint in the system. Many otherwise beautiful faces are disfigured by pimples, eruptions, and unsightly blotches, which arise from impure blood, showing the need of Ayer's Sarsaparilla to remedy the evil.

All sufferers from blood disorders should give Ayer's Sarsaparilla a fair trial,—avoiding all powders, ointments, and washes, and especially cheap and worthless compounds, which not only fail to effect a cure, but more frequently aggravate and confirm the diseases they are fraudulently advertised to remedy.

### CONDUCTOR FORBES.

**A Well-Known and Former Fort Wayne Man Killed.**

Conductor James Forbes, of the Wabash road, was almost instantly killed at Andrews yesterday afternoon.

Conductor Forbes had charge of one of the special trains that carried the New York delegation east Thursday night, and was returning on an empty, or "wild" engine.

Near Andrews the side rod on the drive wheels broke and crashed through the cab. There was confusion and fright and Mr. Forbes leaped from the locomotive. The side rod was revolving with lightning rapidity and struck him in a manner to cause almost instant death.

Conductor Forbes was formerly a resident of Fort Wayne and his home was on Pontiac street.

Mrs. Forbes, his wife, is not a cousin of Mrs. Dr. Younge, but is a first cousin of the doctor. Mrs. Forbes is a daughter of the late Jesse Gorrell, of this county, who was for many years an itenerant Methodist preacher.

Her brother, Mr. James W. Gorrell, is principal of the Maysville schools.

### That Tired Feeling

Afflicts nearly every one in the spring. The system having become accustomed to the bracing air of winter, is weakened by the warm days of the changing season, and readily yields to attacks of disease. Hood's Sarsaparilla is just the medicine needed. It tones and builds up every part of the body, and also expels all impurities from the blood. ry it this season.

A sound body and a contented mind are necessary to perfect happiness. If you wish to possess these, cleanse your blood with Ayer's Sarsaparilla. It is perfectly safe to take, and is a thoroughly reliable, highly concentrated, and powerful blood purifier.

### JENNEY JOTTINGS.

Billy McFeely, was enthusiastically indorsing the nominees of the St. Louis convention, and so earnest had he became in his conversation, backed up by jesticulations, that when in the act of cheering, he swung his hand so that it came in contact with one of the combining poles of one of the large alternating machines. He got as far along as "hurrah for Cleveland and Thur——! Oh, ——— ! I got it that time." The result was a badly burned hand. Politics and chain lightning will not mix.

### Was It Mind-Reading?

Bagley—Bailey, do you know that Gigley is a mind-reader?

Bailey—No. Is he?

Bagley—Yes, indeed. He quite surprised me this morning. I wanted the loan of $5, and as I stepped up to him and said, "Gigley, my dear boy, it's a long time since I have seen you. How is your health?" I hadn't said a word about the $5, but all Gigley said was that he was sorry, but he hadn't got it, and he left me with a low.

Bailey—Wonderful.—*Judge.*

Judge Taylor made a great democratic address at the high school commencement. The paper was not prepared for publication.

In accordance with a law approved by a democratic administration Postmaster Keough will put his letter carriers on an eight hour schedule next week, lessening greatly the burden of their work.

There are friendships never to be forgotten in this world, although one would have it so. The failings and falsehoods of friends prompt one to higher ambition and greater achievements, at least it strikes us so. Success disappoints our enemies of to-day and pleases friends of to-morrow.

P. A. Randall has sold to John and Anna McNamara, lot 47, Brandt & Ayres' addition, for $1,200; Sophia A. DeWald has sold to Michael Koebe and Theodore Schmitz, lot 182, Lasselle's addition, for $500; George Estel to Herman F. Bentee, lot in Wells' reserve, for $400; B. F. Skelton to Levi A. Shick, lots 67 and 68, McCulloch's Second addition, for $150.

Mr. Cas Hunter is at work on the annual report of County Treasurer Mowrer to Auditor Neizer. It shows the receipts of the county from all sources to be $501,573 50 from June 1, 1887, to June 1, 1888. The expenditures of the county were $489,894.52, leaving a cash balance of 243,969.57 in the treasury. This is a pretty good showing and a proud one for the democratic administration of county affairs.

PITTSBURG, June 9.—The national convention of the Knights of Labor from workers adjourned to meet in Chicago the first Monday of April, 1889 and it was decided to leave the question of wages to the various local assemblies for settlement as the adoption of the general scale was deemed inexpedient.

### Found in the Ditch.

NAPOLEON, Ohio, June 9.—Charles Marden, aged twenty, was found in the ditch of the Wabash railway, five miles west of this place, with his skull fractured and otherwise injured. He is still alive, but unconscious. He was under the influence of liquor and was struck by some train during the night, while lying or walking on the track.

DAVY CROCKER, when a Tennessee Congressman, once asked a favor of President Jackson which was not granted. He promptly called on the President and raged furiously at him, an eye-witness says that Old Hickory, keeping his eyes fixedly and coolly on Crocket, asked him what were his real intentions. Crocket, equally cool and fierce, said: "Nothing—nothing more than this: I am done with you for life." And the flustrious Davy at once shook Washington dust from his boots and died soon after fighting in the cause of Texas.

## MASKED ROBBERS!

### They Attack an Express Car Near Delhi, Ohio, and Shoot the Baggage Master.

DELHI, O., June 9.—Last night, a short time before midnight, masked robbers attacked the express car on the Cincinnati, Indianapolis, St. Louis and Chicago railroad near this place and attempted to rob it. They fired through the windows of the car from the platform and shot the baggage master, Joe Ketcham, but the engineer stopped the train and the robbers, fearing capture, jumped from the platform and fled into the darkness without entering the car.

CINCINNATI, O., June 9.—The exciting attack on the railroad train, at Delhi, last night, is discussed in all quarters, this morning. Chief Hazan, of the police force, is disposed to regard it as the work of tramps, and the facts show that it done by professionals, they made a poor choice of booty. It is certain, however, that it was a case of intended robbery, and it is now known that after shooting Baggage Master Ketcham and putting to flight Express Messenger Zimmerman, the robbers entered the car, rifled Ketcham's pockets and reloaded their revolvers, but they seem to have been frightened, probably by the failure of their partner sent to take possession of the engine, and fled from the car as the conductor entered it.

Four market men, coming to the city last night, report that they were met by four highway men, not far from the scene of the train robbery, and were robbed. One of the victims was bold enough to go back after the robbers and thought he saw them take a skiff and cross the river. An outgoing train on the same road was shot at in the vicinity where the incoming train was attacked.

Baggage Master Ketcham, who made such a gallant fight with the robbers, died at 10:30 this morning at the hospital from the effect of his wounds. The utmost possible efforts will be made to capture the murderous assailants.

A special from Aurora, Ind., says: The marshal of Aurora this morning arrested four men who were rowing down the river in a skiff. They were not able to give a satisfactory account of themselves and are thought to be train robbers.

The whole country is thoroughly aroused over the matter, the excitement being intensified by the news of the death of Baggage Master Ketcham. If there is a fair record of their guilt, it is highly probable these four men will be summarily punished by the excited populace.

### NOT DEAD YET.

The report of the death of Ketcham, the baggage master, shot last night, was premature. An operation was performed on him at 7:30 o'clock of the most peculiar nature. He endured it well and there is a bare possibility that he may recover, though his condition is very serious.

The police have made a number of arrests and have heard many stories of the presence of bad characters about Delhi last night. They hope to find the real perpetrators.

### DEMOCRATS ENTHUSIASTIC.

#### The Ticket of Cleveland and Thurman Pleases the Party Throughout the State.

INDIANAPOLIS, June 9.—The most enthusiastic meeting of the democratic state central committee that has been held this year occurred yesterday. All the districts were represented by committeemen except the First, and its interests were ably looked after by the chairman, Major Charles L. Jewett, of Floyd county, who had just come from the St. Louis convention. The members of the committee were in the best of spirits. They brought from every section of the state the same report, to wit: "That the nomination of Cleveland and Thurman had been received with the heartiest enthusiasm by all democrats and that the party was already in fighting trim for the campaign.

Chairman Jewett announced that he had selected Mr. Ephraim Marsh, of Hancock county for secretary of the committee.

It was decided that the chairman should appoint the financial and executive committees. Maj. Jewett asked time to consider before naming them.

"You can say," said Chairman Jewett to the reporter, "that we talked of our ticket and unanimously concluded that it was the strongest that could have been nominated, only that it might have been stronger for Indiana with Gray for second place. But with Gray's influence thrown into the campaign the difference will not be appreciable."

The work now may be said to have fairly begun with the democracy in this state. Major Jewett, with his characteristic energy and with his ability as an organizer, is already beginning to make his influence felt. The campaign will be opened all along the line and a thorough organization of every county and township in the state will be effected at an early date. Major Jewett has taken rooms for the campaign at the Grand and will be here on and after Monday next.

### Tammany at Home.

NEW YORK, June 9.—The special train carrying the Tammany hall delegates from the St. Louis convention, reached the Grand Central depot at 10:30 to-day.

## SOLDIERS' WIDOWS!

#### President Cleveland Signs the Bill Giving Them Pensions From the Date of Their Husband's Death.

WASHINGTON, June 9.—The president has approved the act of congress providing that the pensions heretofore or hereafter granted to the widows of the soldiers of the war of the rebellion shall commence at the date of the death of the husbands.

This legislation favorably affects all the claims of the widows of the late war, which have been filed in the pension office on or after July 1, 1880, and which have been allowed to commence from the date of the filing the claims, but will not favorably affect the cases of such widows as were filed before July 1, 1880, and which have been allowed the pensions already granted in those cases from the date of their husband's death.

The commissioner of pensions gives notice that in the settlement under this law of the claims already allowed, no formal application shall be required and that the services of attorneys are not necessary. The widows entitled under said law need only write a letter giving the name, post office address, and certificate number and the claims will be allowed with as little delay as practical.

The president has signed the act making appropriations to supply the deficiency in the appropriation for the expenses in collecting customs.

## DEGREES OF HONOR.

#### Conferred on the Graduates of the Central Grammar School Last Night.

When the curtain of the Temple opera house rung up last night, it was 8 o'clock and a brilliant assembly was in the auditorium.

Hon. A. P. Edgerton sat in the president's chair, with Mr. O. P. Morgan and Judge Taylor to his left, and Mr. J. M. Morris, Supt. J. S. Irvin and Professor Lane to the right of him. The teachers, too, occupied honorary seats and about this intellectual group was a bevy of beautiful and bewitching school girls, with a young man sandwiched in here and there to add a charm to the contrast, always, of course, on the side of the fair ones. Flowers were as profuse as the pretty faces and the scene was charming.

Rev. Dr. D. W. Moffat was not able to be present at the opening, so the exercises began with the rendition of the "Night Song," by a carefully trained chorus, under the direction of Prof. W. F. Heath. This effort and their succeedings ones were liberally applauded and surely appreciated.

Rev. Dr. Moffat came in in the meantime and offered a devout prayer, remembering in it the graduating class, the schools, their managers and the assembled multitude.

The salutatory was read by Miss Anna Grace Habecker. The young lady addressed the board of trustees and the superintendent and for the graduating class thanked them for their devotion to the cause of education. Especially did she eulogize the work of Superintendent Irwin and his untiring energy in behalf of the pupils of the public schools.

She spoke in the kindliest way of the teachers and related that to their care, training and intelligence was due the triumphs of the class of '88.

Turning to the assembly she expressed thanks at their encouraging presence and directed attention to the democratic change in the program, where essays and such gave place to music and an address by Judge R. S. Taylor. Miss Habecker was pleasantly rewarded with applause.

Supt. J. S. Irwin, who agreeably officiated as the master of ceremonies, introduced Judge R. S. Taylor who addressed the audience on "The Age We Live In."

He said everything was wonderful and after recounting the greatness of the ancients, contended that the civilization of this and other ages rests on machinery and the elements and forces created by it.

The judge recounted the possibilities of the age of machinery, its vast triumphs, the contentions it creates and unequalities and the avenues to success it opens to the bold man of brain and nerve.

He said out of the present period of struggle would dawn brighter days and greater happiness to mankind and a better understanding and solution of the troubles that now disturb the relations of capital and labor, and then there would be a more just and equal division of rewards to each.

He urged his hearers to aim high, aim with courage. When the right calling was found, aim to achieve greatness in it, and above all things, whatever is done, let it be done well. There is room for all and a place for all in the world. We are in a great measure the authors of our own greatness, therefore, if he could paint a legend on the sky, it would be, "Do everything well."

It was a master production from a master mind and THE SENTINEL regrets it cannot publish the address.

Miss Katherine Harriott Blynn, a pretty and very bright graduate, read the valedictory very nicely. She recounted the obligations that pupils of the public schools are under to the trustees, the superintendent and teachers. The interest they manifested, their aim to promote the welfare of all never waned. Her farewell to the class was indeed tender and she said things so nicely that one could not but regret the end of school days and a severance of the fond and endearing ties of the school room.

Hon. A. P. Edgerton conferred diplomas and professed the work with a few very appropriate words. He spoke of his long connection with the public schools and said with the close of this night's work it must officially stop. He urged his hearers to renewed attachment to the cause of free education, one of the institutions that was the pride of his life and the foundation of the nation's greatness in all things.

He was indeed thankful to the people of Fort Wayne for the favors and honors conferred on him and one could see bursting through every sentence his inordinate love, his great apprehension and longing for the growth, prosperity and perpetuation of the free school system.

Superintendent Irwin then conferred the honorary scholarship of the Indiana university on Miss Katharine Harriott Blynn, and an honorary scholarship in Wabash college on Maurice Rosenthal, who on account of illness, was unable to be present.

Rev. Dr. Moffat pronounced the benediction and the twenty-fourth commencement pleasantly closed.

The graduating class and their friends repaired to the Standard hall, where the class banquet and other festivities were pleasantly enjoyed.

### Purity vs. Trash.

Everyone knows that a good and pure article costs more than worthless trash. Our prices for Ice Creams and Sherbets may be higher than other dealers ask for theirs, for we use only pure double rich cream for making our Ice Cream, making it smooth and rich as butter. Our Sherbets are made of juices of fresh fruit, carefully selected every morning, from the best fruit the market affords. We always use the fresh fruit for flavoring when it can be had; where flavoring extracts are used we do not depend upon the vile stuff that is offered to the trade for flavoring extracts. For Vanilla Ice Cream, we use only the finest Mexican vanilla beans. We have facilities for making all extracts that we use.

I personally oversee that all goods we make are made of fresh and pure material. When we say that these goods are daily growing in demand and popularity, we do not "blow our own horn" a cent's worth, as the phrase has it, but merely tell the truth.

When we commenced making these goods, a number of years ago, we did not dream that at this time our trade would increase as it has. We have worked for this result, and gained it, and why? Simply because we cling to the golden rule of doing unto others as we would be done by. W. F. GUILLIE.

To those who wish to pursue a course in book-keeping, short-hand, type-writing, penmanship, &c., McDermut & Whitelesther's business college affords special advantages.

KEEP holy the Sabbath day.

HANG the red bandana on the outer wall.

THE enthusiasm for Cleveland and Thurman grows every moment.

GOVERNOR GRAY is proud of the Indiana democracy and they loyally love him.

THE democratic platform has silenced the monopolists and allayed the fears of the toilers.

THERE are not in the republican ranks men great enough to cast even a shadow of doubt on the election of Cleveland and Thurman.

THE democrats of Adams and Whitley counties will ratify to-night. Everybody is for Cleveland, Thurman and a reduction of war taxes.

THE Warsaw *Times* has a pleasant reminder of Captain White's gratitude to the democrats who voted for him. It says: "We are under obligations to Capt. James R. White, congressman from the Twelfth Indiana district, for a number of public documents, among which are several copies of Senator Ingall's late speech, in which he wrung the neck of the "Tall Sycamore of the Wabash" as it was never wrung before."

### BIG LOGANSPORT FAILURE.

**Knowlton & Dolan Make an Assignment and Place Their Debts at $40,000 and Assets About the Same.**

Special to The Sentinel.

LOGANSPORT, Ind., June 9.—The firm of Knowlton & Dolan, builders of mill machinery, have been compelled to make an assignment. The direct cause was the securing, yesterday, of a judgment against them of $5,828.69 in favor of the Jacob Dritt estate. Seeing that a failure was inevitable, the firm yesterday gave a mortgage for $29,896 in favor of the following preferred creditors: P. F. Michale, P. W. Moore, Alexander Hardy, A. R. Shrover, T. J. Immel, Thomas Pierce, John Dunn, A. Hanson, Ray Brothers and G. W. Seybold & Bro. This mortgage covers the firm's foundry buildings and grounds, machinery and stock and several lots throughout the city. The mortgage was given to secure the above gentlemen as sureties or principals on the following debts: State national bank, $13,500; First national bank, $5,000; Fern bank, $8,000; Wm. Graffis, $800; John Dunn, $770; A. Hanson, $460; Ray Bros., $1,000; Seybold & Bro., $965; total, $29,895. The firm further decided as the best means of saving something from the wreck, to apply for a dissolution of partnership and appointment of a receiver, as shown below:

William Dolan commenced proceedings in the circuit court to-day to secure a dissolution of partnership of the firm of Knowlton & Dolan.

By direction of the court Thomas J. Immel was appointed receiver, having filed a bond of $25,000 with A. H. Hardy, A. R. Shroyer, Peter W. Moore and F. F. McHale as sureties.

The following suits were filed to-day against the firm: Obenchain & Boyer, $90,000 for royalty on patents; same firm, $12,000; John T. Obenchain, $30,000, John and T. J. Obenchain, $3,000; James W. Lee, $800; R. A. Vandliker, $650.

The firm seems to expect their assets will pay their debts in full. The creditors are mostly home citizens.

For over eight years I have suffered from catarrh, which affected my eyes and hearing; have employed many physicians without relief. I am now on my second bottle of Ely's Cream Balm, and feel confident of a complete cure.—Mary C. Thompson, Cerro Gordo, Ill.

Being a sufferer from chronic catarrh and having derived great benefit from the use of Ely's Cream Balm, I can highly recommend it. Its sales are far in excess of all other catarrh remedies.—B. Franken, Druggist, Sigourney, Iowa.

There is some tall electioneering being done in the shops for the candidates for county offices.

The Pittsburg will take a large number of excursionists to the K. of P. convention at Cincinnati.

One of the prominent clerks in the Pittsburg works was being examined yesterday for a pension.

The pay day of the Bass works comes a day earlier this month, on account of the 10th occurring on Sunday.

A horse badly hurt and a very much demolished wagon was found on the Nickel Plate track, at the crossing west of the round house, yesterday, evidently having been struck by a train. The outfit is supposed to belong to a man named Young, living in Nebraska.

A. L. Hodgson, well known in Western railroad circles, died in Massachusetts on Monday last. Mr. Hodgson represented the Baltimore and Ohio sleeping car service. He was formerly a member of the George H. Thomas, G. A. R. post, of Cincinnati, and a prominent Odd Fellow.

P. G. Nikolai, an employe of the Pittsburg boiler shop, had a narrow escape from death this morning. He was working at a drill press, and in some manner the clothes of the upper part of his body got caught in the machinery. He was pulled down and into the cog wheel, but managed in some way to extricate himself before his body was wholly drawn in the crushing power of the fearful wheels of the press. As it was the upper part of his body, around the neck, was badly cut and his injuries will probably keep him from work for several days. He lives at 155 Holman street.

**The Remarkable Cures.**

Which have been effected by Hood's Sarsaparilla are sufficient proof that this medicine does possess peculiar curative power. In the severest cases of scrofula or salt rheum, when other preparations had been powerless, the use of Hood's Sarsaparilla has brought about the happiest results. The case of Miss Sarah C. Whittier, of Lowell, Mass., who suffered terribly from scrofulous sores; that of Charles A. Roberts, of East Wilson, N. Y., who had thirteen abscesses on his face and neck; that of Willie Daff, of Walpole, Mass., who had hip disease and scrofula so bad that physicians said he could not recover, are a few of the many instances in which wonderful cures were effected by this medicine.

THE late William Dorshcimer, editor of the New York *Star*, could make a good speech, and is best remembered at Boston as the author of an eloquent ambiguity. Mounting the platform on a certain memorable occasion, and, gazing over the vast audience, Mr. Dorshcimer began by saying: "Faneuil Hall is full to-night." This impressive introductory convulsed the audience, and finally doubled up the speaker himself.

To the Editor of the Sentinel:

As you have been hearing from our town through "Little Spy," I thought we would write again.

Farmers are busy plowing corn here.

Rev. Bailey preached a very able sermon to a large congregation, last Sunday evening. He seems to be quite a favorite with the young people of this town.

Mr. John Miller, formerly of this place, will wed Miss Julia Hill, of Abott Station, June 20.

Miss Bell Butts and Miss Mollie Snyder intend to visit relatives in Chicago in a few days. Girls, try and enjoy yourselves.

Who is the girl that would sooner not stick close to the white fence.

Miss Ollie Richardson has completed her trade and returned home from Fort Wayne and has hung out her shingle, "Fashionable Dress making Done Here."

Who was the gentleman that took a girl to the postoffice and got offended and made her brother take her home? Beware, Maurice, there is danger in the dark.

It is said that Dr. Burger will wed Miss Miss Celia Keller in the month of July.

Ira says Dode stands back like a gentleman and lets him have full swing at the East Main street residence.

Backache, stitches in the side, inflammation and soreness of the bowels, are symptoms of a disorded state of the digestive and assimilative organs, which can be corrected by the use of Ayer's Cathartic Pills.

SORE FROM KNEE TO ANKLE.

*Skin entirely gone. Flesh a mass of disease. Leg diminished one third in size. Condition Hopeless. Cured by the Cuticura Remedies.*

For three years I was almost crippled with an awful sore leg from my knee down to my ankle; the skin was entirely gone, and the flesh was one mass of disease. Some physicians pronounced it incurable. It had diminished about one third the size of the other, and was in a hopeless condition. After trying all kinds of remedies and spending hundreds of dollars, from which I got no relief whatever, I was persuaded by your Cuticura Remedies, and the result was as follows: After three days I noticed a decided change for the better, and at the end of two months I was completely cured. My flesh was purified, and the bone (which had been exposed for over a year) got sound. The limb began to grow and to-day, and for nearly two years past, my leg is as well as ever it was, sound in every respect, and not a sign of the disease to be seen.

S. C. AHERN, Dubois, Dodge Co., Ga.

*Terrible Suffering from Skin Disease.*

I have been a terrible sufferer for years from diseases of the skin and blood, and have been obliged to claim public places by reason of my offensive humors. Have had the best of physicians and spent hundreds of dollars, but got no relief until I used the Cuticura Remedies, which have cured me and left my skin as clear and my blood as pure as child's. IDA WAY BASH,

Olive Branch P. O., Miss.

*From 140 Pounds to 172 Pounds.*

I have taken several bottles of Cuticura Resolvent with all the results I could wish for. About this time last year, I was commencing to use it, I weighed 146 pounds, and to-day I weigh 172 pounds.

## CONSTITUTIONAL CATARRH.

No single disease has entailed more suffering or hastened the breaking up of the constitution than Catarrh. The sense of smell, of taste, of sight, of hearing, the human voice, the mind,—one or more, and sometimes all, yield to its destructive influence. The poison it discharges into the system has contaminated every vital force, and breaks up the most robust of constitutions. Ignored, because but little understood, by most physicians, frequently assailed by quacks and charlatans, those suffering from it have little hope to be relieved of it, on the side of the system. In time, then, that the popular treatment of this terrible disease by remedies which can reach it, by the thousands, has caused disappointment and mistworthy. The new and hitherto untried method adopted by Dr. Sanford in the preparation of his Radical Cure, which has clearly approved of thousands. It is instantaneous in affording relief in all head colds, sneezing, snuffling and obstructed nasality, and rapidly removes the most oppressive symptoms, clearing the head, sweetening the breath, restoring the sense of smell, national hearing and neutralizing the constitutional tendency of the disease towards the lungs, liver and kidneys.

Sanford's Radical Cure consists of one bottle of the Radical Cure, one box of Catarrhal Solvent, and one improved Inhaler, price $1. POTTER DRUG & CHEMICAL CO., BOSTON.

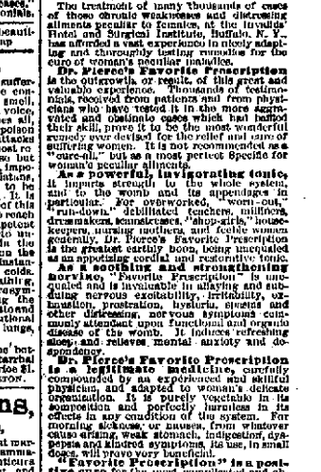
Tarrant's Seltzer Aperient.

Sold by Tarrant & Co., N.Y. and Druggists everywhere



The treatment of many thousands of cases of those complaints, weaknesses and distressing ailments peculiar to females, at the invalids' Hotel and Surgical Institute, Buffalo, N. Y., has afforded a vast experience, which, carefully sifting and thoroughly testing remedies for the cure of women's peculiar maladies.

**Dr. Pierce's Favorite Prescription** is the outgrowth, or result, of this great and valuable experience. Thousands of testimonials, received from patients and from physicians who have tested it in the more aggravated and obstinate cases which had baffled their skill, prove it to be the most wonderful remedy ever devised for the relief and cure of suffering women. It is not recommended as a "cure-all," but as the most perfect Specific for woman's peculiar ailments.

As a powerful, invigorating tonic, it imparts strength to the whole system, and to the womb and its appendages in particular. For overworked, worn-out, "run-down," debilitated mothers, milliners, dressmakers, seamstresses, "shop-girls," housekeepers, nursing mothers, and feeble women generally, it is the greatest earthly boon, being unequaled as an appetizing cordial and restorative tonic.

As a soothing and promoting nervine, "Favorite Prescription" is unequaled and is invaluable in allaying and subduing nervous excitability, irritation, hysteria, hesitation, prostration, hysteria, dizziness and other distressing, nervous symptoms commonly attendant upon functional and organic disease of the womb. It induces refreshing sleep, and relieves mental anxiety and despondency.

**Dr. Pierce's Favorite Prescription** is a **legitimate medicine**, carefully compounded by an experienced and skillful physician, and adapted to woman's delicate organization. It is purely vegetable in its composition and perfectly harmless in its effects in any condition of the system. For morning sickness, or nausea, from whatever cause arising, weak stomach, indigestion, dyspepsia and kindred symptoms, its use, in small doses, will prove very beneficial.

"**Favorite Prescription**" is a positive cure for the most complicated and obstinate cases of leucorrhœa, excessive flowing, painful menstruation, unnatural suppressions, prolapsus, or falling of the womb, weak back, "female weakness," ante-version, retro-version, bearing-down sensations, chronic congestion, inflammation and ulceration of the womb, inflammation, pain and tenderness in ovaries, accompanied with "internal heat."

As a regulator and promoter of functional action, at that critical period of change from girlhood to womanhood, "Favorite Prescription" is a perfectly safe remedial agent, and can produce only good results. It is equally efficacious and valuable in the *after* change of life.

When taken for those disorders and derangements incident to that later and most critical period, "Favorite Prescription" will prove a priceless boon to suffering women.

"**Favorite Prescription**," when taken in connection with the use of Dr. Pierce's Golden Medical Discovery, and small doses of Dr. Pierce's Purgative Pellets (Little Liver Pills), cures Liver, Kidney and Bladder disease. They combine, in one medicine, the blood taints, and abolishes cancerous and scrofulous humors from the system.

"**Favorite Prescription**" is the only medicine for women, sold by druggists, under a **positive guarantee**, from the manufacturers, that it will give satisfaction in every case, or money will be refunded. This guarantee has been printed on the bottle-wrapper, and faithfully carried out for many years.

Large bottles (100 doses) $1.00, or six bottles for $5.00.

For large, illustrated Treatise on Diseases of Women (80 pages, paper-covered), send ten cents in stamps. Address,

# No Universal Remedy

has yet been discovered; but, as at least four-fifths of human diseases have their source in impure blood, a medicine which restores that fluid from a depraved to a healthy condition comes as near being a universal cure as any that can be produced. Ayer's Sarsaparilla affects the blood in each stage of its formation, and is, therefore, adapted to a greater variety of complaints than any other known medicine.

## Boils and Carbuncles,

which defy ordinary treatment, yield to Ayer's Sarsaparilla after a comparatively brief trial.

Mr. C. K. Murray, of Charlottesville, Va., writes that for years he was afflicted with boils which caused him much suffering. These were succeeded by carbuncles, of which he had several at one time. He then began the use of Ayer's Sarsaparilla, and after taking three bottles, the carbuncles disappeared, and for six years he has not had even a pimple.

That insidious disease, Scrofula, is the fruitful cause of innumerable complaints. Consumption being only one of many equally fatal. Eruptions, ulcers, sore eyes, glandular swellings, weak and wasted muscles, a capricious appetite, and the like, are pretty sure indications of a scrofulous taint in the system. Many otherwise beautiful faces are disfigured by pimples, eruptions, and unsightly blotches, which arise from impure blood, showing the need of Ayer's Sarsaparilla to remedy the evil.

All sufferers from blood disorders should give Ayer's Sarsaparilla a fair trial,—avoiding all powders, ointments, and washes, and equally cheap and worthless compounds, which not only fail to effect a cure, but much frequently aggravate and confirm the diseases they are fraudulently advertised to remedy.

### CONDUCTOR FORBES.

A Well-Known and Former Fort Wayne Man Killed.

Conductor James Forbes, of the Wabash road, was almost instantly killed at Andrews yesterday afternoon.

Conductor Forbes had charge of one of the special trains that carried the New York delegation east Thursday night, and was returning on an empty, or "wild" engine.

Near Andrews the side rod on the drive wheels broke and crashed through the cab. There was confusion and fright and Mr. Forbes leaped from the locomotive. The side rod was revolving with lightning rapidity and struck him in a manner to cause almost instant death.

Conductor Forbes was formerly a resident of Fort Wayne and his home was on Pontiac street.

Mrs. Forbes, his wife, is not a cousin of Mrs. Dr. Younge, but is a first cousin of the doctor. Mrs. Forbes is a daughter of the late Jesse Gorrell, of this county, who was for many years an itinerant Methodist preacher.

Her brother, Mr. James W. Gorrell, is principal of the Mayaville schools.

### That Tired Feeling

Affects nearly every one in the spring. The system having become accustomed to the bracing air of winter, is weakened by the warm days of the changing season, and readily yields to attacks of disease. Hood's Sarsaparilla is just the medicine needed. It tones and builds up every part of the body, and also expels all impurities from the blood. Try it this season.

A sound body and a contented mind are necessary to perfect happiness. If you wish to possess these, cleanse your blood with Ayer's Sarsaparilla. It is perfectly safe to take, and is a thoroughly reliable, highly concentrated, and powerful blood purifier.

## JENNEY JOTTINGS.

### Our Clever Correspondent Has a Batch of News From the Electric Light Works.

The Fort Wayne Jenney still leads the procession.

Joe Saunders, the drill manipulator, is laid up with sore eyes.

George Smith has gone to Columbia City to erect an incandescent plant.

An arc plant for the Grand hotel, at Indianapolis, was shipped yesterday.

C. O. Cook has discarded collars and has adopted the red bandana in its stead.

Geo. Drown will leave in a few days for Little Rock, Ark., to erect Star Iron towers for that city.

A new engine room is under construction for our new 200-horse power Hamilton Corliss engine.

Utica, N. Y., is increasing her plant. Three 30-light arc machines were shipped there Thursday.

The Star Iron Tower company shipped twenty-five mast arms to the Utica, N. Y., Electric Light company.

Harlem, N. Y., and Manhattan Beach, Coney Island, are increasing their plants. Shipments were made to these points this week.

July 21 is the day and Rome City the place our boys and girls will go for a day's recreation. Bob Cunningham will be master of ceremonies.

Robert Cunningham, superintendent of the Star Iron Tower Co., leaves for Saginaw City, Mich., on Sunday evening on business for the company.

Superintendent Hilton has purchased a handsome lot on South Broadway and will, ere the sere and yellow tinges the autumn leaves, build him a home.

W. B. McDonald has returned from Urbana, Ill., where he was engaged in erecting the plant for that city. Bill was met at the depot by his little English dog and best girl.

Tom Potter has returned from Northern Michigan, where he was engaged in putting in an arc plant in the Metropolitan iron mines. He looks well in his new suit of lavender colored clothes.

Two of our young lady employes, whose hair in color resembles an ancient brick house, have purchased a handsome white horse and can be seen upon the street almost any evening enjoying a drive through the city.

Billy McFeely, was enthusiastically indorsing the nominees of the St. Louis convention, and so earnest had he become in his conversation, backed up by gesticulations, that when in the act of cheering, he swung his hand so that it came in contact with one of the combining poles of one of the large alternating machines. He got as far along as "hurrah for Cleveland and Thur——! Oh, ——— ! I got it this time." The result was a badly burned hand. Politics and chain lightning will not mix.

### Was It Mind-Reading?

Bagley—Bailey, do you know that Gigley is a mind-reader?

Bailey—No. Is he?

Bagley—Yes, indeed. He quite surprised me this morning. I wanted the loan of $5, and as I stepped up to him and said, "Gigley, my dear boy, it's a long time since I have seen you. How is your health?" I hadn't said a word about the $5, but all Gigley said was that he was sorry, but he hadn't got it, and he left me with a low.

Bailey—Wonderful.—*Judge.*

deplores the growing tendency of both sides to make Congress a field of partisan discussion for campaign purposes rather than for legislation to meet the exigencies of the people, and thinks the body will be fortunate to be able to adjourn by 8 o'clock.

The Lagrange *Standard* says: "Dr. White Cloud has shown us a letter from the mayor of Fort Wayne, commending in flattering terms the doctor, his company and their entertainments while in that city six weeks. We notice criticism in the Goshen press of an Indian company that recently appeared there, and some have though that it was the same one that is here this week. This is a mistake. Dr. White Cloud knows nothing about the company that was at Goshen. He has not been there, neither has his company been subject to any such reflections."

The second day of the Episcopal convention, at Indianapolis, consisted of interesting jubilee services. Dr. E. A. Bradley, of Brooklyn, delivering the anniversary sermon. A feature of the services was the presentation to Bishop Knickerbocker by clergyman of the diocese of a pastoral staff, which he will bear with him in his trip to Europe next week. Dr. Felts, of Lafayette, made the presentation speech. The anniversary closed with a banquet at the Denison house, following the social reunion. The concluding papers were historical, relating to the four bishops of this Episcopacy—Kemper, Upfold, Talbot and Knickerbacker.

The farms cultivated by tenants are classified as follows: Cash rental, 8,582 farms; cultivated thrated on shares, 37,468 farms; cultivated on shares, 37,468 farms. In Indiana, it is stated, the farm is usually taken "at the halves;" sometimes two-fifths or two-thirds is the custom; where uplands are farmed for two-thirds or three-fifths, bottom lands are sometimes taken at one-half. For labor alone the tenement gets one-third; in best lands one-fourth.
